

This **Clearance certificate** must accompany all repairs sent back to us without fail. It serves to confirm that the item to be returned is safe and does not carry any health risks. It is **not possible to carry out the repair** if the form is not returned with all sections completed! The certificate is necessary in order to protect the health and safety of our staff, to fulfil the requirements of the Ordinance on Hazardous Substances (GefStoffV) and also to fulfil regulations regarding safety at the workplace. If information is not given, or not given in full, repairs will be subject to considerable delay.

Therefore please give complete answers to the following questions!
